

AFTER THE STORM

ENGINEERING
EVOLUTION, LLC

Storm Damage

About Us

EELLC is dynamic engineering firm serving communities in the State of Florida. Our Team consists of Professional Engineers and competent leaders who are qualified to assist with rebuilding areas affected by hurricane damage.

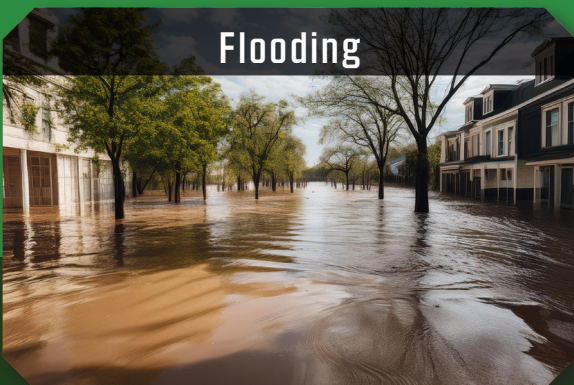

Structural Assessment

Our Approach

Our familiarity with the area in the aftermath of the storm supports determining whether buildings have suffered critical damage or developed weak points due to the wind, rain and flooding. Engineering Evolution is ready to perform all building assessments and detailed inspections utilizing our extensive team of Professional Engineers who assess the extent of all damage with a Phase I Survey.

Flooding
